The next search for retail partners at the new LaGuardia Terminal B is kicking off!

LaGuardia Gateway Partners (LGP) is excited to launch its next Competitive Solicitation Process (CSP) for retail opportunities at the new LaGuardia Terminal B, now under construction at LaGuardia Airport. These opportunities are located within the headhouse – the terminal’s main building – and will encompass the following categories: travel essentials, news and gifts, souvenir, duty-free and duty paid, technology and electronics, convenience retail, and specialty retail.

You are invited to join LGP at an important information event, featuring an overview of the CSP process, an information session for Airport Concession Disadvantaged Business Enterprises (ACDBE) and a meet and greet for small & large retailers, merchants and operators to connect and discuss opportunities to work together.

Event Details:
